INDEX

A

Abstracts
Biochemistry Society, 233
Corrections, 435
Immunology Society, 424
Nutrition Society, 401
Pathology Society, 389
Pharmacology Society, 304
Physiology Society, 67, 435
Adenine, metabolism, 517
Adrenal cortex, secretion, 461
Annual Meeting
Atlantic City, 539
Chicago, general information, 1
Assay of ribonucleic acids for pyrimidine ribonucleosides and ribonucleotides, 510
Authors' index to program of annual meeting, i

B

Bacterial toxins, 479
Bard, P. Chairman, Symposium: Functional organization of cerebral cortex, 437
Biochemistry Society, program, 29
Brown, G. B., P. M. Roll and A. A. Plentl. Studies on the metabolism of adenine, 517

C

Cerebral cortex
Functional organization, 437
Modes of functional organization, 448
Motor areas, 441
Patterns of sensory representation, 437
Sensory and motor, of man, 452
Chemistry and metabolism of nucleic acids and their constituents, 487
Chicago meeting, notes, 436
Conditions associated with secretion of adrenal cortex, 461

D

du Vigneaud, V. Synthetic penicillin, 461

E

Education for broad aspects of physiology, 530
Enzymatic degradation of ribosenucleic and desoxyribosenucleic acids with addendum of effect of nucleates on heat stability of proteins, 488

F

Functional organization of cerebral cortex, 437
Further studies of sensory and motor cerebral cortex of man, 452

G

Gerard, R. W.
Chairman, Symposium: Perspectives in physiological education, 522
Task of American Physiological Society, 534
Greenstein, J. P. Enzymatic degradation of ribosenucleic and desoxyribosenucleic acids with addendum on effect of nucleates on heat stability of proteins, 488

H

Hastings, A. B. Chairman, Joint session of Federation, 461
Heidelberger, M. Presidential address: Science, freedom and peace, 484
Hematopoietic agents, 471
Hines, M. Motor areas, 441
Houlahan, M. B., 506
Hydrolysis of ribonucleic acids with phosphoesterase from calf intestinal mucosa, 500

I

Immunology Society, program, 65
Interdependence of physiology and medicine, 523
Investigations on the biosynthesis of pyrimidine nucleosides in *Neurospora*, 506
Irving, L. Education for broad aspects of physiology, 530

L

Landis, E. M. Interdependence of physiology and medicine, 525
Long, C. N. H. Conditions associated with secretion of adrenal cortex, 461
Loring, H. S., 514; Chairman, Symposium: Chemistry and metabolism of nucleic acids and their constituents, 487
Loring, H. S., G. L. Ordway, P. M. Roll and J. G. Pierce. Assay of ribonucleic acids for pyrimidine ribonucleosides and ribonucleotides, 510

M

McCulloch, W. S. Modes of functional organization of cerebral cortex, 448
Metabolism of adenine, 517
Mitchell, H. K. and M. B. Houlahan. Investigations on the biosynthesis of pyrimidine nucleosides in *Neurospora*, 506
Modes of functional organization of cerebral cortex, 448
Motor areas, 441

N

Nutrition Society, program, 60

O

Ordway, G. L., 510

P

Pappenheimer, A. M., Jr. Bacterial toxins, 479
Pathology Society, program, 57
Patterns of sensory representation in cerebral cortex, 437
Penfield, W., 452
Penicillin, synthetic, 461
Perspectives in physiological education, 522
Pharmacology Society, program, 40
Phosphoesterase, hydrolysis of ribonucleic acids, 500
Physiology Society, program, 5
Pierce, J. G., 510
Pierce, J. G. and H. S. Loring. Purine and pyrimidine antagonism in the pyrimidine deficient *Neurospora* mutant, no. 1298, 514
Place of physiology in biological sciences, 523
Plentl, A. A., 517
Present status of pteroylglutamic acid and other hematopoietic agents, 471
Presidential address, Chicago meeting, 484
Proteins, nucleates on heat stability of, 488
Pteroylglutamic acid, and other hematopoietic agents, 471
Purine and pyrimidine antagonism in the pyrimidine deficient *Neurospora* mutant, no. 1298, 514
Pyrimidine, purine antagonism, 514
Pyrimidine nucleosides, biosynthesis, 506

R

Rasmussen, T. and W. Penfield. Further studies of sensory and motor cerebral cortex of man, 452
Ribonucleic acids
  Assay, 510
  Hydrolysis, 500
Ribosenucleic acid, enzymatic degradation of, 488
Roll, P. M., 510, 517

S

Science, freedom and peace, 484
Studies on the metabolism of adenine, 517
Symposia
  Chemistry and metabolism of nucleic acids and their constituents, 487
  Functional organization of cerebral cortex, 437
  Perspectives in physiological education, 522
Synthetic penicillin, 461

T

Task of American Physiological Society, 534
Toxins, bacterial, 479

W

Weiss, P. Place of physiology in biological sciences, 523
Welch, A. D. Present status of pteroylglutamic acid and other hematopoietic agents, 471
Woolsey, C. N. Patterns of sensory representation in cerebral cortex, 437

Z

Zittle, C. A. Hydrolysis of ribonucleic acids with phosphoesterase from calf intestinal mucosa, 500
